

THE
Kmas
DESIGNERS.

Creating Christmas, All Around the World

FOREWORD

When we started to expand our services abroad in 2010, we could not have imagined the amazing projects that lay ahead. From a 22-meter high Christmas tree in the city center of Shanghai up to decorations along New York's 5th Avenue. From a worldwide Christmas concept for one of the most luxurious hotel groups, up to our ever more successful web shop www.xmasdeco.com.

We are proud to have worked for nearly every hotel company, always delivering a Christmas decor that matches their brand, their interior, their style and identity. We turned many shopping centers and casino's into Christmas destination and created sparkling festive highlights for many public venues and cities. Thanks to the trust of our customers and the commitment and hard work of our teams and partners, we have secured an amazing 83% annual customer return ratio.

From the very beginning we have been aware that we aren't only contributing to the most wonderful time of the year for many guests and visitors, but that we are also contributing to support our clients, teams, partners, suppliers and the local communities they are in, and we will continue doing so! Especially now that our customers' markets have changed tremendously, we are determined to continue focusing on giving better solutions every year and turning their venues into 'Christmas destinations'. This catalogue is one of the tools making it easier to do so. To give better support; by sharing lots of inspiration and by offering easier to use - and therefore also more affordable - decorative solutions.

With our no-nonsense approach and always eager to learn attitude, we are more than ever, ready to build on our extensive experience. By upgrading our portfolio book into this inspirational catalogue, we will be able to support more clients to create better decorations and continue to exceed their guests and visitors' expectations.

While growing and becoming a stronger partner in our industry, we are focusing on adding value. Not only for our customers, but also for our teams, suppliers, partners and communities. By creating smarter designs, producing locally as much as we can, working closely together with local partners and making sure we produce and work in an environmentally responsible way. Our collaboration with Waste2Wear and smart 3-5-year decoration plans are just two examples of small steps with a big environmental impact.

We hope you will get inspired by this catalogue so that we can offer you what you need for this or next year's festive season! Feel free to contact us anytime; we are more than happy to support you for the most wonderful time of the year.

Our Mission

Whilst creating the most outstanding festive decorations and above-and-beyond experiences we contribute and celebrate; together.

Anton van Baalen
Co-founder

Concept Development

The Xmas Designers concept is built on two pillars; out of the box Concept Development and high level Project Management.

With this we know how to design *and* realise the most incredible decorations and decors. Everything we create starts with a simple idea and some scribbles on paper.

These scribbles are then turned into illustrations and 3D designs, transformed into detailed technical drawings; to be brought to life by our productions teams!

An amazing process and a year round job for our design team, to prepare us and our customers for another holiday season. And exceed all expectations, year after year!

A collection with endless possibilities!

Creating a Responsible Christmas; Sustainable, Ethical and Socially Responsible

We take responsibility to protect our environment and support our global community.

- By producing high quality products that last for many years.
- By offering multiple year plans and solutions with a long-term vision and therefore reducing waste.
- By developing concepts with a strong base of items that can be re-used in smart ways; while creating a different look every year.

We always stimulate our customers to involve the local community in our Christmas Concepts; not only by donating to a charity, but actively involving them in the design process, production of certain elements and/or execution. Think of upcoming local young artists that can design that extraordinary Christmas tree up to using ornaments that are decorated by a local home for the elderly or school.

- We work with high quality and sustainable packaging materials, which can be reused for many years; to protect the products after dismantling, for safe storage and ensuring long term usage.
- All other aspects, such as sustainable production and preventing child labor, are all part of our standard production management policies and protocols.

A responsible Christmas

100% RECYCLED plastics and fabrics

in collaboration with

Waste2Wear®

Thanks to the unique collaboration with Waste2Wear, we are able to provide fabrics and synthetic Christmas decorations made of 100% recycled materials.

Certified with block chain technology, which means you are not being tricked by many of the suppliers that deliver the so-called 'recycled plastics'. We use 100% recycled plastics; made from computer and television screens.

Fabrics are made from re-used disposable water bottles, supporting initiatives such as cleaning the oceans.

Read more about this at www.thexmasdesigners.com and www.waste2wear.com

The team makes the difference!

Smooth, Safe and Hassle-free

The Xmas Designers work in a very professional way and know how to exceed expectations. Not only by creating stunning Christmas decorations, but also by working with a professional and service-minded team that knows how to execute in a smooth, safe and hassle-free way.

Project Management

The team can either support you with the full setup, or we send one of our project managers who can do the setup with your own team.

The support *you* need

The full package or 'only' delivering the products and/or management

From design up to interesting multiple year contracts: you decide how The Xmas Designers will support you. Either with a complete turn-key project, or by selecting from the following services:

- Consultancy & design
- Purchase and delivery of Christmas products
- Full decoration setup
- Leasing for multiple years, to get the most out of your budget

Creating Christmas Destinations

We know how to turn any venue into a Christmas destination

From ultra-luxury shopping malls in Shanghai, such as Jing'An Kerry Centre and IAPM, up to many other shopping malls around the world; such as the Tyger Valley in Cape Town and Times Square in Johannesburg, we know how to impress you customers.

From soft decorations, up to complete Christmas markets

From garlands and Christmas trees up to stages for entertainment and interactive decorative items or Christmas Markets; The Xmas Designers know how to exceed your visitors' expectations.

Introducing The Xmas Designers

From luxury hotels, shopping malls up to casinos and theatres

The Xmas Designers create and design unique Christmas decorations and decors. Tailor made and always perfectly adapted to the look and feel of the venue and the brand identity. Our unique designs and outstanding themes are internationally recognized for their quality and creativity.

All around the world

With 9 teams serving all continents, The Xmas Designers know how to exceed expectations. Adding incredible value with our international concept development and high quality production and distribution

It's all about Planning

Therefore our process is clear and effective!

While taking care of Design, Development, Production, Distribution and Execution, our team is trained to follow a strict process and timeline. This to manage and control the quality, and ensure we meet and even exceed expectations, in every part of the project.

Order Deadlines

up to synthetic baubles with authentic metal caps.
Excellence is in the detail and it does make a big difference!

Exceeding expectations;
we produce your decorations
in any color you wish!

Pick any color to
match your interior
or corporate identity.

With a maximum of 4 color
tones, we produce without
extra charge.

3-year program for a global Christmas concept

In 2018 we supported The Peninsula Hotel Group to create a 3-year program for a global Christmas concept, based on the 'Stories From the Tree'.

Unique characters were used in their worldwide marketing and communication campaign throughout the season and brought to life through unique Christmas ornaments and larger Christmas objects.

Each year another character is highlighted, which creates diversity within a concept that lasts for several years and became a recognizable highlight each year for their guests, representing the high level of attention and eye-for detail The Peninsula brand represents.

The story behind these Unique ornaments

**Corporate Christmas Concepts,
a recognizable highlight of the year
for your guests, customers and visitors.**

Design, development, production and distribution
of unique tailor-made ornaments and packaging.

From the first drawings up to shop display;
fully coordinated and handled with great care
and attention by the team of Designers and
Production Managers of The Xmas Designers.

- Branded Christmas ornaments
- Customized Snow globes
- Branded gift packaging
- Branded ribbons
- Perfectly matching the overall theme and larger Christmas decoration objects

The 'Oscar'

In 2017 we were honored to develop unique Christmas items based on the mascot of the Table Bay hotel in Cape Town, the Sea lion called 'Oscar'. Based on the golden sculpture at the entrance of the hotel, we developed a luxurious and cute snow globe as the Christmas gift for the Holiday Season.

We also developed a larger than life LED object; a 5-meter tall 'Oscar', to welcome guests at the hotel's driveway.

Not only an impressive way of welcoming your guests at the hotel to spend their holidays, but also an amazing way of giving 5-star attention to detail for the festive decor!

4m+ Christmas Trees

From 4 up to 12 meters;
order your best Christmas tree ever.

Go above and beyond by ordering a complete package. The perfect Christmas tree, with prefixed LED lights and an extensive decoration package carefully selected ornaments in a variety of sizes and in sophisticated color combinations.

Packages are super complete with:

- Christmas tree (4m up to 12m)
- Prefixed LED lights
- Ornaments
- Tree topper
- Garlands to cover the foot of the tree
- All packed in strong, reusable carton boxes
- Clear setup instructions and decoration tips

Custom-made, color combined Christmas trees in Marriott Hotel - Abu Dhabi, UAE

Custom-made color combined Christmas trees in Jumeirah Beach hotel - Dubai, UAE

Sophisticated & Elegant

Frosted foliage, golden leaves and natural cones form a sophisticated and elegant decoration, creating the real Christmas feeling!

Luxurious and stylish decorated garlands and wreaths follow the shapes and line work of the interior, perfectly matching with the stunning center point Christmas tree.

The Christmas tree is available in various sizes and garlands are available with and without lights.

Additional Christmas gift boxes and a bright Northern star at the top of the Christmas tree make this decoration complete.

A 'subtle' brand recognition

MERRY RIXOS!

Sometimes it can be 'simple',
but so effective.

Such as this 'MERRY RIXOS' display;
wishing every visitor
a Merry Christmas the Rixos way.

This display was placed above the exit,
giving the guests an awesome impression
when leaving the hotel.

Super impressive with a size of 10x12 meters,
with Broadway letters of 1.8 meters high.

Custom-made Super large installation with Broadway letters
(10m x 12m), with a 'subtle' connection to the hotel brand.

Geometric Reindeer

Theatrical and elegant, this authentic object in a contemporary design.

A real WOW factor as a centerpiece of your Christmas decor, or to place one on each side at the entrance to give your guests and visitors a warm and sparkling welcome!

The object comes with a plateau with LED strip, which makes it even more stunning.

Made of metal with a matt glossy finish. Standard delivery in a warm gold color tone. On request we can produce in any desired color.

LED reindeer at the Primus shopping center - Shanghai, China

Exceeding your guests' expectations with objects that tell a story!

Meet 'Oscar' the Sea Lion, the mascot of Table Bay hotel in Cape Town. Based on the golden sculpture at the entrance of the hotel, we developed a cute and larger than life LED object.

A 5-meter tall 'Oscar', welcoming the guests at the hotel's driveway.

Not only an impressive way of welcoming your guests at the hotel to spend their holidays, but also an amazing way of telling a story that perfectly matches the brand!

Custom-made LED object for the Table Bay hotel - Cape Town, South Africa

Creating Christmas, Going Above and Beyond

A powerful collaboration with our production partner RBR Lights, to exceed all expectations by adding SUPER large light structures to your Christmas Concepts.

From 2 up to 15+ meters tall, produced and executed by RBR, one of the leading European LED professionals.

Perfect for shopping malls, public spaces or other large venues. Creating city landmarks and 'talk of town experiences'.

15m tall SUPER monkey - Cairo, Egypt

Christmas Destination in New York

In 2019 The Peninsula New York became the main Christmas destination in town.

By decorating both the stunning facade as well as the hotel's interior, it soon became the talk of the town and attracted many visitors and tourists to see this decoration in real life.

With thousands of Instagram photos and posts as a result.

The hotel was listed in The Telegraph's as '10 best Christmas trees in a hotel worldwide'.

And this is exactly why we do what we do; create the best Christmas decors, anywhere around the world!

Facade decoration at The Peninsula - New York, USA

Hanging bauble sets | Chandeliers

With these bauble sets you can easily turn every chandelier into a stunning Christmas eye-catcher; creating a Christmas decor that perfectly matches your interior, in a budget friendly way!

To make it even easier we created three sets for three different sized ranges of chandeliers.

The sets come standard with crystal cords of 100cm long, but can be ordered in shorter or longer lengths, depending on your requirements.

The crystal cords each come with a clip for easy installation. We also include clear setup instructions.

For easy installations the baubles and cords are already pre-attached and will be delivered as one box per chandelier.

We have pre-attached larger and smaller baubles to the correct lengths of cords, which will help you to create the arrangement without having to do any adjustments.
